

Let's go!

---

## PORTFOLIO

2019

# Let's start with something FREE, with no obligation!

Free market & product  
strategy consulting

Free technical  
consulting

Free effort estimation  
& project planning

Free code review  
& analysis

Free project  
management cost

Free project  
management tool

# Our services

## Product design

We use design sprints and user research to build products that are user-centered, beautiful and easy to use.

Sketch

Adobe Illustrator

Zeplin

InVision

Marvel App

## Modern web development

Secure, scalable and intuitive web applications with modern technologies deployed on proven scalable platforms.

NodeJS

ReactJS

GraphQL

AWS

Google Cloud

Heroku

Docker

## Modern app development

We deliver outstanding mobile applications using both native or cross-platform approach based on your product demand.

React Native

Java

Swift/Objective-C

Firebase

Fabric

# Our services

## Dedicated teams

Energized, reliable and scalable dedicated software development teams with vast experience on latest technologies.

Product Mindset

Experienced

Energized

## Architecture clinic

Quickly, effectively, and correctly create high-quality system architectures, through comprehensive hands-on approaches.

Domain Driven Design

Clean Architecture

Modular Monolith

Micro-Services

Scaling

Security

Industry Best Practices

## System modernization

Transform legacy applications to state-of-the-art technologies and modern architecture to stay relevant and deliver greatest business value

Single-page Web App

Real-time

High performance

# We're always at Day One mode

**CUSTOMER OBSESSION**

**Integrity &  
consistency**

**Speed AND  
high quality**

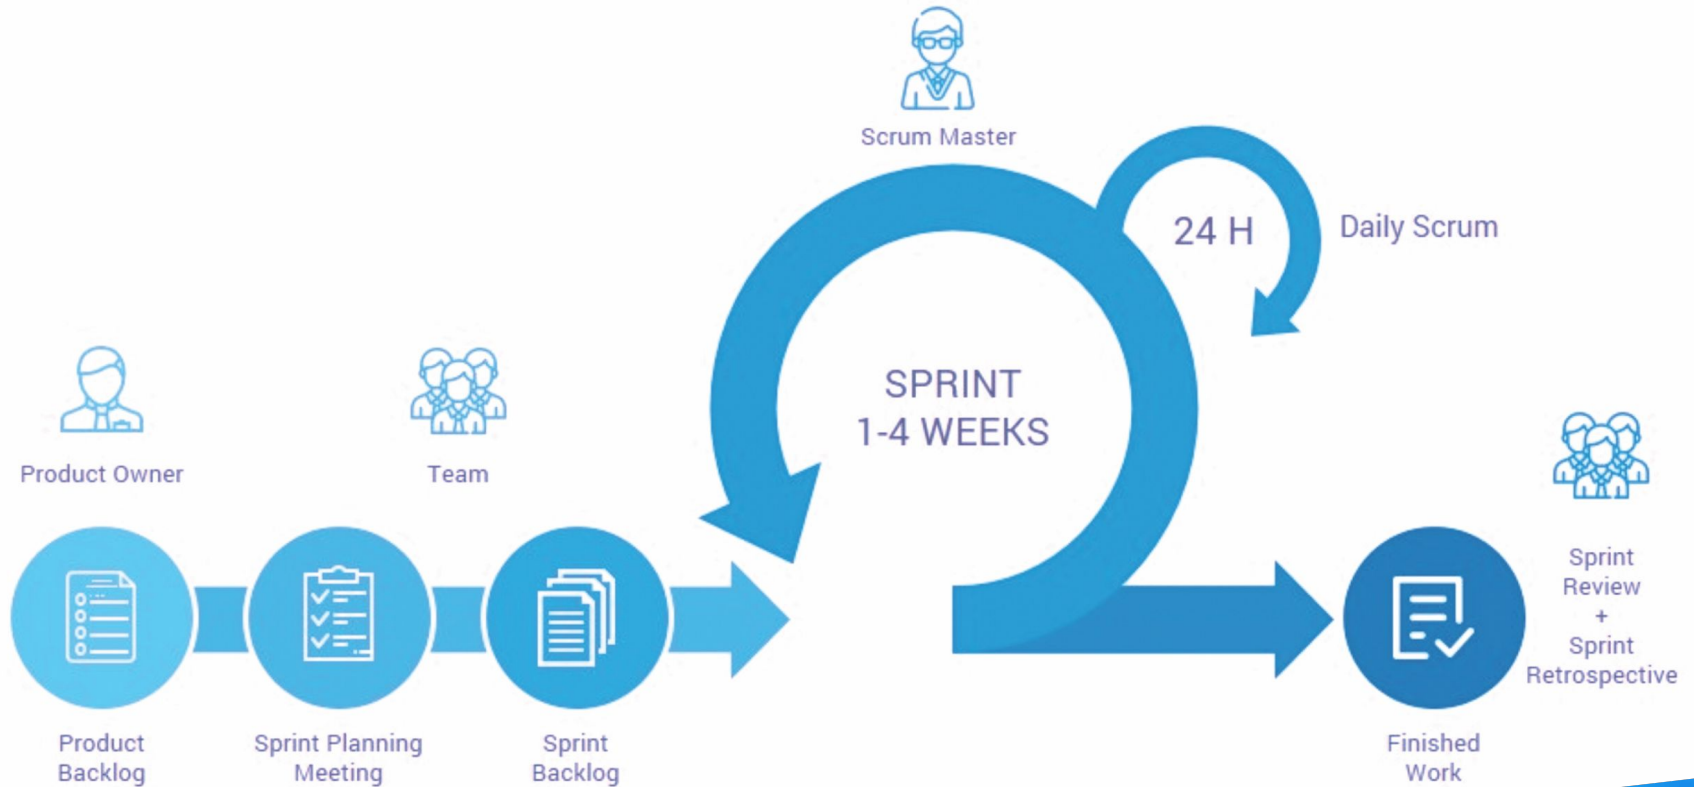

**Ownership**

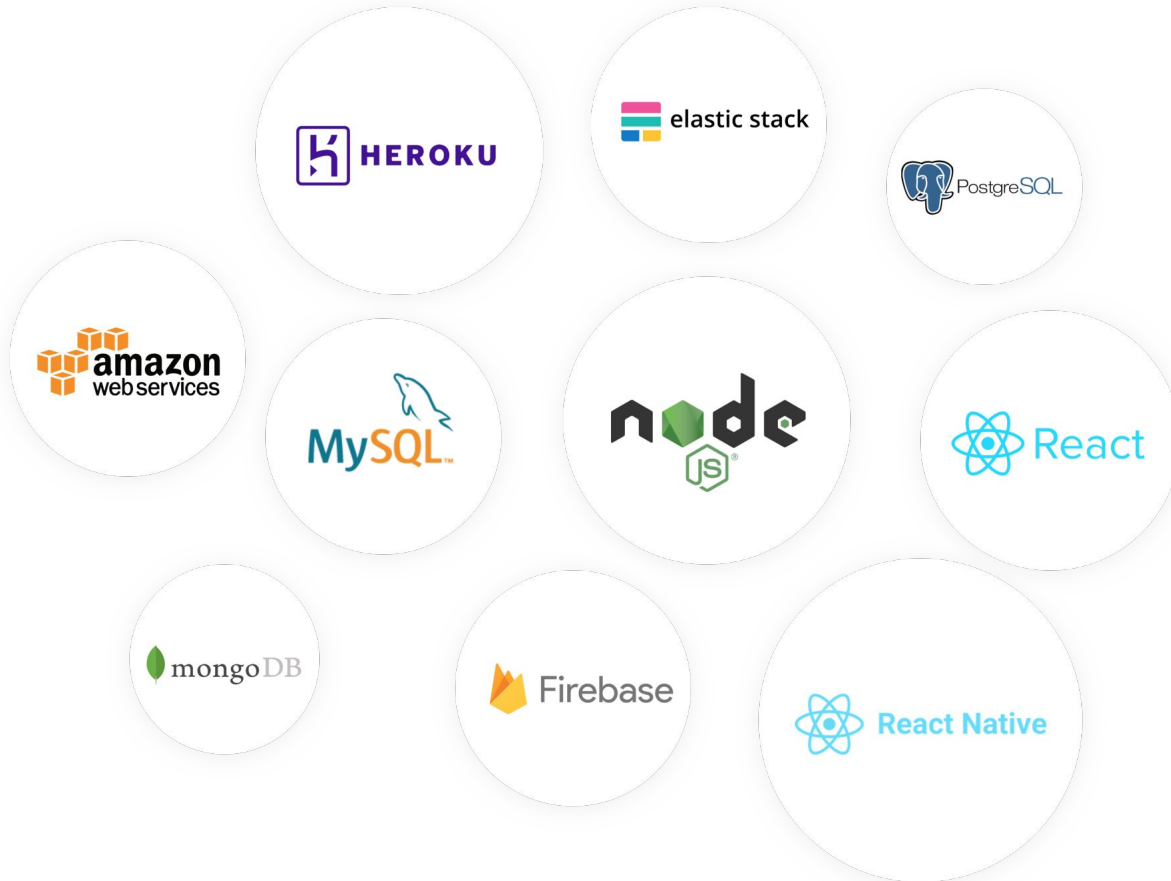

**Be a learn-it-all  
person**

# Move fast with Scrum process

# Technologies - Build right product with the right tools

# WeCheck

Productivity app to deal with recurring tasks

 <https://wecheck.co>

- Web
- iOS
- Android

## Technologies:

NodeJS

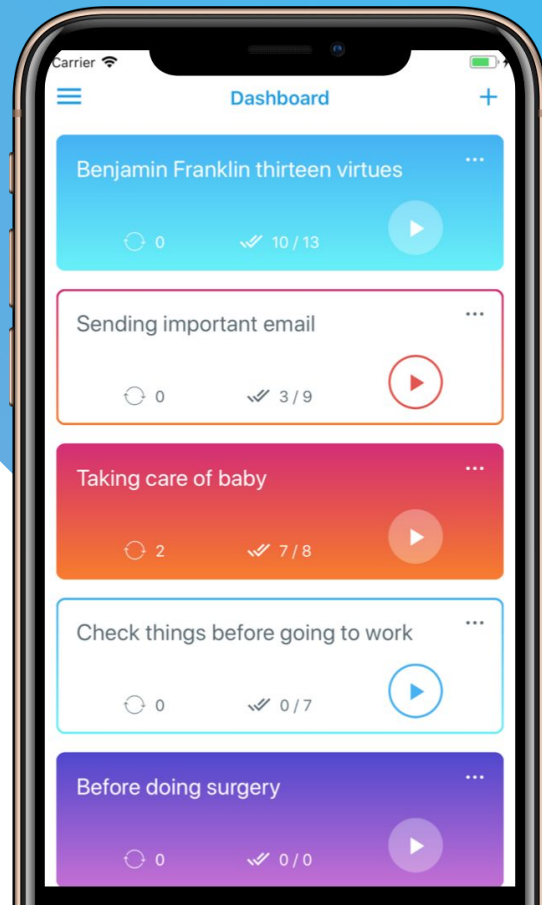

React

React Native

Firebase

Google Cloud

Bitbucket CI/CD

# Final Score Math

E-learning platform to learn Math  
- built for kids who love sport!

- Web
- iOS
- Android

## Technologies:

NodeJS

MongoDB

React

React Native

Heroku

AWS

Gitlab CI/CD

# Herenow

Last-minute deals booking platform for international travelers

<https://herenow.co>

## Technologies:

NodeJS

Socket.io

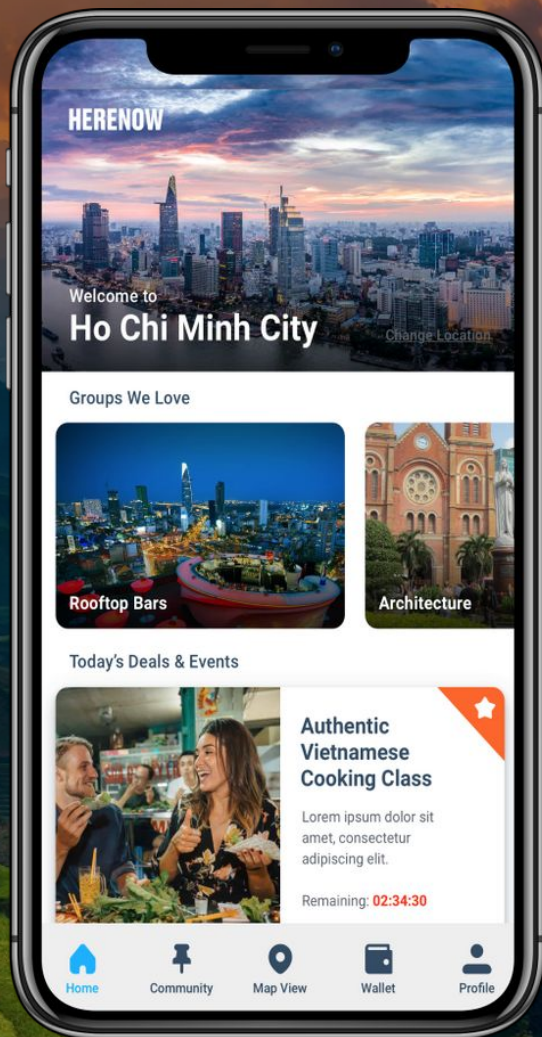

PostgreSQL

React

React Native

Digital Ocean

AWS

# KoolCool

Food delivery startup - similar to Deliveroo and Uber Eat

 <https://koolcool.app>

## Technologies:

NodeJS

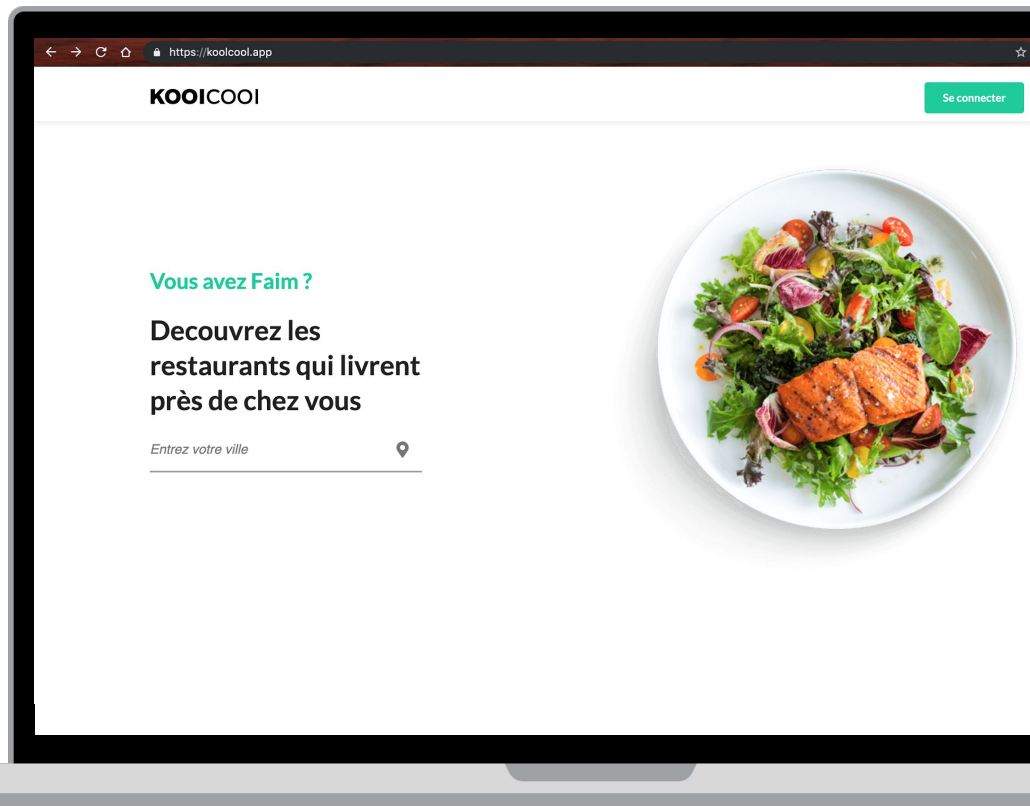

Socket.io

MongoDB

React

Heroku

AWS
